Q: STATISTICS AUSTRIA, educational monitoring, on behalf of the Federal Ministry of Labour, Family and Youth (BMAFJ) and of the Public Employment Service Austria (AMS). Compiled on 15 December 2020. SW: Swapping. For data privacy protection reasons, the statistical disclosure control method of "Target Swapping" has been used on a part of the data. Therefore, in particular for cell values <= 30, no reliable assertions can be made. - 1) In the labour market status an education (including apprenticeship) dominates any employment or unemployment. - 2) Includes lower/new secondary schools, academic secondary schools, lower level special (SEN) schools. - 3) Other intermediate technical and vocational schools. - 4) Vocational matriculation examinations and other formal educations are not included.
